Rich with Flavours

Khairiyah Ramli, 27, reviewed the classic Malaysian dishes at PappaRich.

Super Rich Combo.

Pappa Cendol.

“One of the must-try signature dishes here is the Super Rich Combo, a mouth-watering plate of fragrant *nasi*, crispy chicken drumstick, tender braised beef, chilli squid, accompanied by potatoes, egg, lady's finger and sambal. The meats were really tender and the gravy was just right; not overly spicy. It was rather filling but still left me with enough space to try out other food.

Another dish I tried which I loved was the Pappa Curry Laksa. The slightly sour taste and thick gravy of the curry gave this dish an unique character. It's very different from our local version and reminded me a little of Penang *laksa*, minus the strong assam taste. The sambal served with it lifted the flavours of the dish and complemented it very well. I think I enjoyed the dessert, Pappa Cendol, the most. Generous ingredients with a block of ice full of *gula melaka* and coconut milk flavours made this one of the tastiest cendol I've ever tried!

Overall, dining at PappaRich was a pleasant experience. I felt as though I was in a cosy little *kopitiam* in Malaysia (they even have old school fans as decor) but with a modernised setting and authentic dishes. The service was efficient and the waiters were all very attentive. The food here is also affordable and won't put a hole in your wallet even if you are dining with a family of four.”

PappaRich is at #02-386 Suntec City Mall, 3 Temasek Boulevard, Tel: 6532 3323.
